Face & Eyes Care

Disassemble head brush roll gently around the upper and lower eye areas and face– always moving upward and inward, with 3 levels selection.

These cute sillion brush enhance tone the skin, tighten loose areas, and improve circulation for a brighter complexion. They also improve the skin's ability to absorb facial products (especially great for eyes treatments).

**Facial cleaning head**  
Both side has different size heads,  
Suitable for all skin types

**Facial massage head**  
3-stage design

**Overvoltage protection**  
Less than 55 decibels

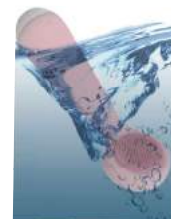

**Long battery life**  
250mah

**Deep Clean Skin Through**  
**Sonic Vibration**

The diagram shows a pink facial roller with a circular head and a handle. It highlights the different heads and the internal battery compartment. Below the roller, a cross-section of skin is shown with arrows indicating the direction of vibration and the penetration of the roller's head into the skin.
